A new solar radiation model for a power system reliability

A lesson to learn in an iatrogenic perforation of sigmoid

A multilayered semantic framework for integrated forensic

A new skink of the genus Subdoluseps (Hardwicke & Gray, 1828) from Peninsular Malaysia

A chaos-based keyed hash function based on fixed point representation

A comparison of five reflection-formation estimation approaches: reconciliation and recommendations for tourism research

A lesson to learn in an iatrogenic perforation of sigmoid volvulus after endoscopic derotation

A modified two-parameter estimator in a linear regression model

A Novel framework for integrating United Nations Sustainable Development Goals into sustainable non-residential building assessment and management in Jordan

A novel methodology for estimating leaf mechanical properties with data mining
A side-sensitive modified group runs control chart with auxiliary information to detect process mean shifts

A review of harmonometric components and prevalent removal under different climates—future directions for tropics

A review of UHMWPE studies in Southeast Asia: Applications, challenges, and future directions

A review on pressure relief valve reinforcement polymer composites

A review: Photonic Devices Used for Dosimetry in Medical Radiation Protection

A case-crossover modelling group runs control chart with auxiliary information to detect process mean shifts

A statistical review of vibration intensity attributes for detecting fatigue failure at the servicing stage

A variable sample size and sampling interval control chart for detecting the process mean using auxiliary information
Ahmad, J. Article Biomechanical System Versus Observational Rating Scale for Automatic extraction of two regions of creases from palmprint

Atmospheric plasma jet: Effect of inner diameter size to the Boron nitride doped polyhydroxyalkanoate/chitosan

Branding corporate social responsibility: A case study on Bio-degradation of polyhydroxyalkanoates (PHA) films in soil

Vibration in a Tunnel of Malaysian Science, University Littoral, Akis M.S., Airto H.P. Article Building committed Waqif: the role of information disclosure
